REPORT OF WAYS AND MEANS COMMITTEE
Town of Amherst, N. H.
For Fiscal Year 1944-1945

IMPORTANT

A law was passed at the last session of the State Legislature which changed the fiscal year of Towns, Village Precincts and Departments, excepting School Districts, from ending January 31, to ending the previous December 31. (Chapter 142, Laws of 1943.)

In conformity with the Law your Ways and Means Committee believes some appropriations should be cut accordingly. Although some of the appropriations have not been cut, it is due to the fact that the money is usually spent before December 31 and it would not be advisable to reduce them. Items that are reduced are those which usually require monthly payments, such as Lights, Town Aid, Old Age Assistance, etc.

After meeting with the town officers and with careful study and consideration, the Ways and Means Committee wishes to make the following recommendations in the interest of the taxpayers of Amherst:

Estimated Expenses

Your Committee recommends the Town raise and appropriate sums to cover all items listed under Estimated Expenses with the following exceptions:

Town Hall, \$300 instead of \$325.
Police Department, \$200 instead of \$250.
Town Aid, \$1000 instead of \$1200.
Soldiers' Aid, \$00 instead of \$60.
Oiling, \$2500 instead of \$3000.
Snow, \$1500 instead of \$2000.
Street Lights, \$1225 instead of \$1325.
Old Age Assistance, \$2000 instead of \$2300.
Cemeteries, \$600 instead of \$500.

Article 3.

Your Committee recommends that the same

method of discounting taxes be used as last year, which was 2 percent to July 1, and 1 percent to August 1.

Article 4.

Your Committee recommends the Selectmen and Town Treasurer be given power to borrow money in anticipation of taxes.

Article 5.

Your Committee recommends that the sum of \$419.74 be raised and appropriated, the State contributing \$1678.96, for classified road improvement.

Article 6.

Your Committee recommends that the sum of \$200 be raised and appropriated to gravel the cross road from Mr. Elliott's house to the Boston Post Road.

Article 7.

Your Committee recommends that the sum of \$500 be raised and appropriated for the gravelling of Davis Lane.

Article 8.

The item of Lumber Appraisal is due to an Act passed by the Legislature. We were unable to receive any estimate from your Selectmen, therefore your Committee cannot offer any recommendation for the article.

Article 9.

Your Committee recommends that Memorial Day be properly observed and a sufficient sum of money be raised and appropriated for the same. It further suggests that a committee be appointed by the Moderator to formulate plans for its observance.

Respectfully submitted,

WAYS AND MEANS COMMITTEE.

ALLEN D. HOWARD, Chairman,

ANNUAL REPORTS

OF THE

TOWN OFFICERS

OF

Since the Amherst Town and School Reports were printed, an Article has been added to the School Warrant, by petition of residents of the District, as follows:

To see what action the School District will take in regard to closing the High School and transporting the students to Milford.

Also, since the Reports were printed, the School Board has been informed of the actual amount of State Aid to be received. On page 47 the estimate is given as \$1100. The actual amount of State Aid will be \$964. This decreases the total estimated income from \$1933 to \$1797, and increases the assessment required to balance the budget from \$16,382 to \$16,518.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Amherst, N. H:

I herewith present my fifth annual report, the twenty-fifth in the series. I trust you will give your attention and consideration to the five sections which follow:

1. The Teaching Staff:

One could easily spend the whole space of this report dealing with this topic, as the greatest difficulties of the present belong in this category. During the last three years, there have been seven changes in the high school staff and three in the elementary. One transferred to another teaching position, three entered the Service, one took other employment, one retired for family reasons, and one was not interested to return. The three elementary teachers left for marriage. The following changes in the teaching staff have occurred since June 1, 1943:

Flora Charter, Candia, N. H., replaced Arlene Caldwell.

Mary Jane Marr, Temple, N. H., replaced Mrs. Dorothy Davis.

Martine Merriam, Pelham, N. H., replaced Paulyne Dick.

E. Belle Whittemore, W. Andover, N. H., replaced Mrs. Josephine Stillings.

One of the contributing causes of so many changes lies with a lower salary scale than prevails among neighboring towns or in the State. Many improvements have been effected over previous years but we must remember that other towns have also increased their compensation, thus leaving Amherst with a somewhat lower standard of salary. Living expenses increase for teachers as well as for any other group of citizens and are expected to increase during the coming year. Therefore, an increase in compensation

seems imperative and is recommended to you in the budget. I hope it will be adequate to meet the needs which we must anticipate so far in advance.

Along with living conditions, the thought goes through one's mind of how much appreciation there is of teachers and their services. I wonder how many parents or friends of the school have sought the acquaintance of the teachers, how many have invited them to their homes, how many have sought them as a companion in a social way. We must remember that many of these people are from out-of-town and are working in our midst and for our benefit. Must they make their whole social life among themselves, or will you seek to make them a part of your club, your lodge, or your community? In other words, may we not seek for appreciation before condemnation?

It has been, indeed, fortunate that you were able to enjoy the services of the present efficient staff. Next year the story may be different as some changes are expected for one reason or another; among them, the draft and marriage. However, I hope the improved salary schedule will help us overcome some of these handicaps.

2. Improvements and Commendations:

Since the last report the principal improvement made has been at the Clark School, which was insulated about a year ago. This improvement has resulted in quite a saving in oil consumption at that building. Those desks and chairs which needed refinishing were revarnished last summer. The Board has tried to keep the buildings in good condition—which is, in my opinion, a wise policy. Major repairs coming within any one year are too costly. Spreading the expense over several years makes for less cost in the end.

I commend to your attention the activities of the P. T. A. which has been so beneficial to the children in your town. I am sure the officers of this Association

would welcome more people to its membership. Among their activities, the Dental Clinic is most in the public eye.

I know you will feel pride in the knowledge that with the succeeding year you will be freed from debt. The new budget calling for a debt payment is for the last payment on the Clark School.

3. Recommendations:

Some redecorating of classrooms ought to be attempted this coming summer. I know the difficulties in the labor market but long term planning might solve even this difficulty.

4. The Future:

In this section I wish to discuss very briefly four problems and leave them with you for your thought and possible action:

A. We have the demobilized soldier returning to take his place in our civilian life. He comes back after an experience somewhere else. He can't help but be changed; he can't help but be different from the boy who left. What will be his desires toward education? Some of these men will be still young and will desire to complete their high school education. Shall we be thinking of full-time or even part-time educational opportunities for these demobilized soldiers?

B. Many pupils who have not been in school for a year or two will be returning from private employment. What are the opportunities that are going to be offered to them to fit them for a new type of activity or employment?

C. Shall we expect changes in the curriculum? One must remember that these people who return and those who are coming on from elementary grades will be definitely air-minded. They will desire and demand more Science and more Mathematics. Because of this global war, they will seek more and more information

concerning international affairs and foreign languages. What shall we expect in this regard?

D. What is the school's part in the transition which must occur to change our economy from war-time to peace-time? Many of our schools have been called upon to assist industry and agriculture or other pursuits to train workers for a war-time economy. When the war is over will industry and agriculture expect and anticipate the schools to help make the transition to peace-time pursuits?

5. Conclusion:

Let me call your attention to the local reports which are presented herewith. The usual financial statistics of the State Board of Education have not been published yet and are therefore omitted from this report. I acknowledge with a great deal of satisfaction the support and consideration that you, the citizens, the School Board, and my associates, have given me during the past year. It is indeed a privilege to have been able to render whatever service it has been my lot to perform.

Very respectfully,
HAROLD C. BOWLEY,
Superintendent of Schools.

REPORT OF HEADMASTER

To Superintendent of Schools Harold C. Bowley,
Members of the Amherst School Board, and
Citizens of Amherst:

Herewith is submitted the annual report of Amherst High School and grades seven and eight of the Village School.

Registration figures to date are: Grade 12—3; Grade 11—5; Grade 10—5; Grade 9—12; Grade 8—17; Grade 7—15.

Subjects offered in the high school this year alternate as usual with those of last year. Courses offered this year: English; Junior Business Training; History of Civilization; French II; Economic Geography; Latin I; Chemistry; Geometry; Sociology; Modern European History; Algebra; General Mathematics; Spanish I. The course in Spanish was offered for the first time this year.

Activity program for the year drawn up in September: September—supper; October—Hallowe'en Party; November—Fall Play; December, Christmas Party; January or February—Snow Party or Skating Party; March—Sophomore Hop; April—Spring Play; May—"Broadcaster"; if possible, a combined Junior and Senior Dance in May.

We have spent considerable time and effort on the chapel recreation hall. Glass has been repaired, stove moved, floors waxed, and the windows are being screened and the hall put into shape for basketball as well as other general activities. We hope this year at least to have worthwhile intra-mural basketball.

The school physician and nurse held their annual school health inspection in the Fall, and the usual health cards were sent home where needed. Milk is again being served daily at 2c a serving to those who want it.

The school has weekly dancing session for instruction in ballroom dancing open to all pupils of the school. This is being directed by Miss Marr.

We have been doing our part in the war effort. A period is devoted to this activity each week immediately following T. E. A. meeting. To date, we have sold over \$1000.00 in bonds and stamps. We also did our part in the Fall through those pupils who were released for agricultural work in the fields and orchards, their work materially helping in the fall harvest.

We wish to thank friends who have contributed material, time, and effort to us and our activities this year. The staff is particularly grateful to the Superintendent of Schools and the Board and to all who have given us of their spirit and encouragement.

Respectfully submitted,

ROBERT W. GOOGINS,

Headmaster.
